Glass Partition for Reception area of Administration Building. The Board discussed the necessity for a glass barrier partition at the front reception area of the Township Administration Center. Two options include either tempered glass or bulletproof glass. TOIRMA, previously recommended a bullet proof glass partition as the best option. In addition, a barrier would also lend to protect staff and elected officials from possible exposure to Covid-19. The Board determined that for safety, health and insurance reasons a bulletproof glass partition is the best long-term investment.
