- a. Town Hall
 - i. We will be having an open house/ribbon cutting at our newly updated Town Hall on February 16th at 5pm.
- b. Micro Pantry
 - i. Food pantry for Homer Township

7. Highway Commissioner Report: Brent Porfilio

- a. **2023 Roadway Program** - The scope of this annual program includes improving ~1 mile of roadways in the HTRD ROW, with an approximate budget of \$250k – this includes the entire ROW which includes not only the roadways (which is the only element done under previous administrations), but also driveway aprons, sidewalk, signing, drainage and parkways as needed. The recent January snow events have delayed our assessment to later this month, however at this time we have narrowed it down to looking at streets rated as a 2 or a 3 last year; and after the assessment will be deciding whether to improve subdivision roadways in the NW section of HTRD - east of Archer Ave. (~1.3 miles consisting of 138th Street, 147th Place, Bosham Avenue, Rickerman Rd, Rynberk Ct. & Shaeffer Ct. OR improving HTRD collector roadways (~1.25 miles consisting of Meader Road from Bruce Road to the HT border and Oak Avenue w/Gougar Rd.). The 2023 Roadway Program will be bid out this Spring.
- b. **Smith Road/Long Run Creek Bridge Replacement** – The IGA between HTRD/Lockport Township RD/City of Lockport was signed last week for this bridge replacement project. IDOT will be paying for 80% of the project costs, while the remaining 20% will be via a local agency funding match shared between the 3 IGA local agencies wherein each agency will be paying an estimated \$150k spread out over an estimated 3 years, on a monthly basis, based on an estimated total project cost for Engineering, CM and Construction of ~\$2.3M.) There was a QBS process used by all 3 agencies to select the Phase I engineering firm from a pool of 5 engineering companies, and this QBS process will be used for each project Phase, along with construction bidding. The Phase I engineering will begin shortly. There will be a 3-4 year project process from Phase I thru construction completion.
- c. **2023 Lighting Program** – The scope of this program includes standardizing all roadway lights in HTRD ROW to the same system, to reduce electricity bills, and provide roadway lighting in dark, unsafe areas of the HTRD roadway system. With respect to the solar lights, they will be used in locations where electricity is not readily available – and as a pilot test, a few will be installed along the HTRD entrance road for monitoring prior to the feasibility of installing them in HTRD areas where needed. The 2023 Roadway Lighting Program will be bid out this Spring.
- d. **2023 Striping Program** — The scope of this program includes installing roadway grade paint to all turning lanes, ADA cross walks, and lane lines as required within the HTRD roadway system. This program should be repeated every 3-5 years moving forward. The 2023 Roadway Striping Program will be bid out this Spring.
- e. **2023 HTHC Grant** – We are preparing a press release for this month for accepting applications for the 2023 HT Highway Commissioner Special Needs Grant for \$5,000. The HG Ability Awareness Committee will be assisting us with selection.

8. Assessor Report: Carmen Maurella
