John Walters commented that he has gotten to know the board and that they want to do what is right for the community and he appreciates what they have to do. Looking for many options for people to vote on.

ii. Presentation

Jay Braderich president of Landmark Construction services presented the Trantina Civic Center Project including a diagram of what is to be built. Structure has been reduced to a 10,000 sq feet box, 100x100, and will have a buffer against residential area. Turn around for drop off and fire trucks, trash enclosure, gravel path for overhead door to bring things inside building. Large enough for high school basketball, 6 individual ADA bathrooms, future kitchen, storage, and small office, a 10,000 gallon water tank for sprinkler system, septic field, bike trail, parking lot, and a pond to retain run off before creek. Building designed as pre-engineered structure, full foundation, free span space, insulated metal panels, lighting, heat and air conditioning: very simple and very economical. Minimal amount of site lighting.

8. Supervisor Report: Stephen J Balich

Supervisor Balich commented on the Trantina farm site picked in the 2020 referendum and he said the civic center is for people living here. We have nothing like this anywhere near Homer and everyone in Homer Township can use it. We are looking for a place for children, special needs basketball, and seniors. It can be an afterschool program, battle of bands, senior yoga, etc. as it is for all the different uses and it covers every age group in this town. Money is not coming from tax increases. Muslim cemetery was supposed to be voted on by County Board, but they never voted on it possibly because of Federal Law. Brent Porfilio sent letter to owner, will put up cameras, and have put an ordinance for no parking. Sheriff's office is supposed to enforce this.
