- a. **2024 Roadway Paving Program** The project has been completed for the following streets – a final walk thru is scheduled for next week off Smith Road 138<sup>th</sup> St - 0.23 miles and 140<sup>th</sup> St - 0.15 miles, off Lockport Heights 136<sup>th</sup> Ave -0.25 miles and 147<sup>th</sup> Pl – 0.47 miles.
- b. **2023-2024 Roadway Lighting Program** The 2023-2024 Roadway Lighting Contract has been completed. We currently are evaluating the use of solar powered lights in dark HTRD roadway areas where power is not available.
- c. **2024 Ditch Regrading and Culvert** We will be shooting grades in the next few weeks, then performing ditch regrading near the Gougar/Bruce Road intersection, as well as along 163<sup>rd</sup> Street/Regents Road, and a few other locations within the HTRD. If you have witnessed any ditches which are holding water, clogged culverts needing jetting, or flooding in any unincorporated HTRD areas, please contact us so we can investigate and help.
- d. **143<sup>rd</sup> Street Widening Project TRO** With respect to the 143<sup>rd</sup> Street widening project TRO, HT has sued the Will County Executive and is awaiting a trial date. It is disappointing that the Village still has yet to follow HT's lead and has not yet filed a law suit despite the fact that their mayor has publicly stated in front of the County Board and at public meetings that they are against the widening and support the residents. I would like to suggest, if you can, please contact the mayor and ask her to urge the Village to also file their law suit in order to further help the local residents and public win. Until the law suit is resolved, we ask that all property owners along the 143<sup>rd</sup> street ROW avoid signing any eminent domain papers or offers to sell their property to the WCDOT – and if they have been offered to or signed anything, please bring copies of that paperwork to the HT Office for scanning and to send to our attorney.
