### 6. Supervisor Report: Stephen J Balich

- Discussion of Civic Center
- Applications for Emergency General Assistance can be submitted only once every 18 months.

Supervisor Balich read the following statement in regard to 143<sup>rd</sup> Street Expansion:

In order to quell the misconstructions of reality and accusations flung by a very small, fringe group, I am providing the following information and explanations concerning the litigation to cease the widening of 143<sup>rd</sup> Steet.

At the request of numerous residents, the Township (and Road District) have explored all of their legal options and avenues to prevent what is seen as the illegal actions by the Will County Executive in her "oops veto attempt" and prevent the 143<sup>rd</sup> Street widening project from proceeding. The Township has played an integral role in ensuring the lawsuit was prepared and filed. For the preliminary, procedural stages, it was determined that the Township and Road District should not, themselves, be named as direct "parties" to the suit. The Township and Road District may formally join at a later time. However, the Township and Road District are serving an integral role in protecting and defending the rights of its citizens, which is what the

<sup>1</sup> Homer Township does not endorse religious faith. The prayer is intended to lend solemnity to the public meeting and invite an attitude of respect and consideration.

elected Township officials have been chosen to do. Neither the Township nor the Road District have paid any money to the alternate attorneys who are representing the plaintiff County Board Members at this time. The Township and Road District will continue to fight on behalf of its residents and will continue to be an active participant in this litigation

## 7. Transfer

- i. Motion to approve line-item transfer of the amount of \$30,000.00 from 731 Building Maintenance in the Founders Crossing General Budget, Founders Crossing General Fund to 780 ARPA in the Founders Crossing General Budget, Founders Crossing General Fund.

- ii. Motion to approve a line-item transfer of the amount of \$2,500.00 from 752 Operating/Maintenance in the Open Space Budget, Open Space Fund to 747 Security System in the Open Space Budget, Open Space Fund.  
1<sup>st</sup> Bonomo 2<sup>nd</sup> Clausen  
Roll Call Ayes (5) Clausen, Rovera, Bonomo, Shake, Balich                      Nay (0)

## 8. Highway Commissioner Report: Brent Porfilio

- a. **Smith Road/Long Run Creek Bridge Replacement** The Phase I Report is scheduled for completion this Fall and Phase II Design is anticipated to start upon approval of the Phase I Report and selection of a new consultant. Construction is anticipated to begin in the 2025/2026 construction season.
- b. **143<sup>rd</sup> Street Widening Project TRO – status:**
  - i. With respect to the 143<sup>rd</sup> Street widening project TRO, and certainly contrary to what HG Trustee Reynders stated at the last HG Board meeting a couple of weeks ago, and HT has stated numerous times, HT has filed a law suit at Will County with the Clerk of the 12<sup>th</sup> Judicial Circuit Court (opened on 4/18/24, Case #2024-CH000084) suing the Will County Executive Jennifer Bertino Tarrant for an illegal veto to the affirmative vote by the County Board to block the 143<sup>rd</sup> Street widening (voted on 2/15/24; Resolution Number 24-27). The case is awaiting a trial date with another judge and is set for status on 9/12/24.
  - ii. HT paid for, and is managing, this lawsuit thru an alternate attorney who specializes in these types of cases, and naming as the Plaintiff the Will County Board members who voted in the affirmative for the Resolution to block the WCDOT widening project - rather than HT – to improve the odds of winning the case for HT.
  - iii. As previously mentioned, it is disappointing that the Village is spending local taxpayer dollars just “monitoring” this case - which does nothing to help 143<sup>rd</sup> Street & HT residents – rather than filing a separate suit against the County Executive. I continue to urge HT residents along 143<sup>rd</sup> Street to please contact the HG mayor/Village trustees and urge them to also file a lawsuit to help our residents
  - iv. Until this lawsuit is resolved, we ask that all property owners along the 143<sup>rd</sup> street ROW avoid signing any eminent domain papers or offers to sell their property to the WCDOT – and if they have been offered to or signed anything, please bring copies of that paperwork to the HT Office for scanning and to send to our attorney
- c. **2025 HTRD Solar Lights Program** We have received bids for, and are evaluating, installing solar lights throughout the HTRD ROW in dark areas where power is not available in 2025. So far this summer the solar light is functioning adequately, however as the winter season has less light and harsher conditions a decision will be made in the Spring on whether to move forward.
- d. **2024 HTRD Crack Sealing Program** We are beginning yet another new annual maintenance program in HTRD with our 2024 HTRD Crack Sealing Program in an effort to further reduce our annual capital improvement costs. We started last week in the Bridlewood Estates subdivision. Within this new program, HTRD staff will be crack sealing all “3 & 4” rated streets in the HTRD limits which will be extending the life of our pavement a few more years prior to having to perform mill & overlay improvements – this will save us money in the long run and allow us to reduce our long-term annual Capital Improvement Program budget. The crack sealing progresses at a rate of ~1 lane mile/day and we will be trying to finish up the program in the next ~8 weeks to beat the cooler fall weather. Doing the crack sealing with HTRD staff and equipment is saving HTRD taxpayers’ money for this extremely important ongoing annual roadway maintenance.
